

Newman Memorial Hospital to Get New Phone System

Newman Memorial Hospital's Board of Directors has approved installation of a new phone system from Pioneer. This is yet another milestone for Newman Memorial Hospital and Newman Healthcare Associates that will improve communications and streamline telecommunication processes. Using Pioneer Telecom, the new ESI telephone system should be installed before the end of March. We ask for your patience as we make this transition. In the interim, the numbers listed below can be utilized to reach hospital departments and Newman Healthcare Associates for Dr. Stuart, M.D., FAAFP and Shandy Baggs, APRN-CNP.
