Congratulations to Mayra Estrada, LPN
Mayra was awarded the DAISY Award for Extraordinary Nurses! The program recognizes the super-human efforts nurses perform every day.

HEALTHY MOMS & HEALTHY BABIES BUILD HEALTHY COMMUNITIES!

★ NEW Lactation Room at Newman Memorial Hospital!

This private, relaxing space is designated for any breastfeeding mother associated with the Newman Memorial community. This includes employees returning to work or their spouses, patients, and/or their family members. Anyone who needs a quiet, private space to use a breast pump or breastfeed their infant is welcome to utilize this newly designated space.

Our Lactation Room provides a hospital-grade pump, education for breastfeeding mothers, a milk storage refrigerator, and a relaxing environment that provides comfortable seating, low lighting and sound machine for maximum relaxation.

Newman Memorial understands the importance of breastfeeding for the health of both mothers and babies. Newman strives to meet the 'Gold Standard' for worksite accommodations for breastfeeding employees. We have submitted our application to the State of Oklahoma for recognition of being a 'Breastfeeding Friendly Worksite'. We expect to be awarded this accreditation in July!

A Note From Your Safety Officer:

June is National Safety Month. There are about 340 million occupational accidents annually. Most of these accidents are preventable, so let's do our part with always keeping Safety in mind. Coincidentally, June is also National Play Outside Day, as well as National Black Bear Day. So with keeping Safety in mind, if you go outside to play, try not to play with black bears. They may be all hyped up with it being their day and play a little rough!

A Note From Your CEO

May was a busy month for us with graduations, high school sports playoffs and hospital week. April was a record month for Newman with volume reaching the highest it's been; with strong financials to back our growth. Congratulations to everyone for this achievement! This month I'll be travelling to High Plains Technical College in Woodward as their nursing school graduation guest speaker. As a nurse, I'm excited about this opportunity and looking forward to seeing the future of healthcare enter our rural workforce. Hospital week was an incredible success. Thank you to everyone who contributed to a fun-filled and memorable week. I enjoyed the games, the themes each day, and cooking steaks for everyone; it is absolutely one of my favorite days of the year. I appreciate being part of this team and more appreciative of the passion and care you bring to our community each day. Congratulations to Mayra Estrada for being selected as the 2024 Daisy Award recipient. This is one of the highest achievements a nurse can receive within their profession. Great work Mayra! Lastly, we are continuing to work and collaborate to bring labor and delivery back to Newman. With Women's Health established at Newman Healthcare Associates, support of the state, and our partners we will find water among our maternity desert. I hope everyone has a blessed month and remember our culture is key. Faith. Family. Community.
